Eric,

Thank you for contacting the planning department regarding the Big Rock Ball Fields NOA. Planning will post the NOA and the proposed improvements plan set this afternoon. I will email you the link once it is up. I will respond to the "Plan B" part of your question once I talk to the project manager.

Thank you,

Lara

Hi Lara,

I was wondering if you could either email or mail me the information on the proposed work at the ballfield and if there is a plan B if the levy is not approved?

Thanks,

Eric Benjamin

Hi Lara and Alana,
Just finished listening to her voicemail, thanks for the forward.

Eric,

Thank you for your follow up comments. I have forwarded your questions to the project manager, Alana McCoy.

Thank you,

Lara

Subject: Big Rock Questions

Hi Lara,
On page 6 of the site plan, there is a notation for a future building and storage area. What will the future building contain? I would assume the storage area will contain the items currently contained in the current storage shed on the site.

Also there have been many complaints about the current baseball diamond orientation, is there any ways that this can be changed so that the sunlight will not be in the batters eyes? It comes down to a batter safety issue.
