#TownHallDuvall

- Why is Duvall growing?
- How many housing units are coming to Duvall?
- How does our city approve housing developments?
- What is zoning? How does it affect our density?
- Can we manage growth effectively?
- How can citizens get involved?

**The City of Duvall cordially invites you to attend a Town Hall Meeting to address these topics and more.**

The meeting will include a presentation, live polling, and a question and answer session. We will also have information stations throughout the venue for you to visit and speak with a city councilmember, planning commissioner, or staff member one-on-one.

**You are welcome to drop in anytime between 6:00 pm and 8:00 pm.**
