The 275th Complete Streets Sidewalk project is proposed to be installed along 275th AVE NE. The project includes installation of 1,200 linear feet of six foot wide concrete sidewalk, clearing & grading, landscape enhancements and potentially the following:

1. Outdoor fitness / activity station centrally located. Activities are shown below & will be placed in an area \approx 1,300 square feet.
2. Crosswalk safety improvements with Rapid Flashing Beacons and
3. Increase lighting proposed for safety at crosswalks at both NE 150th Street and NE 145th Lane
